

THE BELMONT

CARRIAGE HOUSE DOOR

Give Your Home a Grand Entrance

The Belmont Carriage House Door is a high quality, low maintenance garage door designed to add distinction and value to any home. Constructed of galvanized steel, The Belmont offers strength and durability without sacrificing beauty and elegance. Available in pre-finished colors, the Belmont carries a Limited Lifetime Warranty against rust through, warping or cracking. Optional features include insulation for improved energy efficiency (R-7.45) and glazing options for visibility and style that will compliment any home's architecture.

BELMONT DETAILS

- 24 gauge hot dipped galvanized steel adds strength and protection from warping and rusting.
- Heavy 14 gauge steel, commercial hinges provide added durability.
- High quality, nylon rollers provide maximum strength and long life. (Optional 10 ball rollers are available.)
- Tongue and Groove design on each section prevents wind, rain, and snow infiltration.
- Stiles Tog-L-Loc® to meeting rails, center stiles bonded to panels with industrial adhesive and end stiles also Tog-L-Loc®, offering superior strength and support.
- Bottom section includes a heavy vinyl weatherstrip, fitting the contour of the floor and a seal against weather and nature's elements.
- Optional 1 3/8" vinyl covered insulation provides increased energy efficiency (R-7.45), quieter operation and is held in place with white steel stile covers.
- The Protective Paint System, has a three tier corrosion-resistant protection designed to repel even the most hostile weather conditions. The protective layers found on both the interior and exterior are 24 Gauge Steel, Hot Dipped Galvanizing, Epoxy Primer and Finish Coat.

DECORATIVE HARDWARE

- Built to resist the harshest weather
- Designed to look like hand forged iron
- Attached easily
