- Lifetime Warranty on Motor and Belt

**Homeowner's Preferred Operator!**

 **pple**  
**Door Systems**

**Belt Drive or Chain Drive**

Choose from our exceptionally quiet belt drive or our solid-performing chain drive, in T rail configuration

**Safety First, Safety Always**

If the obstacle-sensing beam is crossed when the door is closing, the door reverses to fully open.

**Park or Reverse Door**

To permit both ventilation and access, the garage door can be stopped and parked during either upward or downward travel.

**Secure, Responsive Remote Control**

Apple Door remote controls operate over a long range and employ high-security technology.

**Deluxe Wall Station**

All controls are large, clearly marked and illuminated (door UP/DOWN control, courtesy light switch, and vacation mode).

**Automatic Courtesy Light**

The 100W MAX light illuminates the garage for five minutes every time the operator is used.

**Easy Door Release**

When you need to open or close the garage door manually, simply release the operator's quick-disconnect trolley.

**Assurance Through Self Checks**

The operator's self-diagnostic system continually checks to see whether everything is working properly. In the unlikely event of a problem, it will pinpoint the trouble and let you know by flashing the courtesy light. You can often solve the problem on the spot with a call to Apple Door.

**WARRANTY INFORMATION**

Lifetime warranty on motor and belt, 5 years mechanical and 2 years electronics

**Apple Door, the Leader**

*In addition to providing a top-quality line of residential garage door operators, Apple Door is the leading source of residential and commercial garage doors, with 37 years of service to homeowners and businesses all over Virginia.*
