For additional information, please see numbered footnotes on backside.

This exceptional line of garage doors incorporates a thermally-broken section design for superior weather protection. A 26-gauge exterior steel skin and 27-gauge interior steel skin filled with foamed-in-place polyurethane creates an extremely rigid barrier. A continuous section joint seal that impedes air infiltration additionally enhances this door. Available in six designer colors and a diverse collection of window options, this door will add value and appeal to your home for years to come.

SUPERIOR. THERMALLY-BROKEN.
